Rochester Community Schools Device Procedure

1. CHECK-OUT and CHECK-IN

1.1 Receiving your device

Devices will be distributed each fall. **Parents & students must sign and return the Student Device Handbook (Device Handbook) and the Acceptable Use Policy (AUP) documents before the Device can be issued to their child.**

1.2 Device Check-in

Individual school devices and accessories must be returned to the designated location at the assigned time for inspection. Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment for any other reason must return their individual school device on or before the date of termination.

1.3 Check-in Fines

The student will pay the replacement or repair costs with anything lost or broken. Failure to return the device or make payment will result in a theft report being filed with local law enforcement. Furthermore, the student will be responsible for any damage to the device.

2. TAKING CARE OF YOUR DEVICE

Students are responsible for the general care of the device they have been issued by the school. Devices that are broken or fail to work properly must be taken to the designated location within the building.

2.1 General Precautions

The device is school property and all users will follow this policy and the School Corporation's Acceptable Use Policy

Cords and cables must be inserted carefully into the device to prevent damage.

Devices must remain free of any writing, drawing, **stickers**, or **labels** that are not the property of Rochester Community Schools.

Rochester Community Schools cannot be held responsible for devices left in an unlocked locker, unlocked car or any unsupervised area.

Students are responsible for keeping their device's battery charged for school each day.

2.2 Screen Care

The device screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

Do not lean on the top of the device when it is closed.

Do not place anything near the device that could put pressure on the screen.

Do not place anything in the carrying case that will press against the cover.

Clean the screen with a soft, dry cloth or anti-static cloth.

Do not “bump” the device against lockers, walls, car doors, floors, etc. as it will eventually break the screen.

2.3 Handling Devices

A school provided protective case has sufficient padding to protect the device from normal treatment and provides a suitable means for carrying the device within the school. Devices should always be within the protective case when carried or placed in a backpack.

3. USING YOUR DEVICE AT SCHOOL

Devices are intended for use at school each day. In addition to teacher expectations for device use, school messages, announcements, calendars and schedules may be accessed 24/7 using the device. Students are responsible for bringing their device to all classes, unless specifically instructed not to do so by their teacher.

3.1 Devices Undergoing Repair

Loaner devices may be issued to students for repair in the Media Center. Depending on demand, there may be a delay in getting a loaner device.

3.2 Charging Your Device's Battery

Devices must be brought to school each day in a fully charged condition. Students need to charge their device each evening. Repeat Violations will be disciplined according to the individual school conduct handbook.

3.3 Screensavers/Background photos

Inappropriate media may not be used as a screensaver or background photo. Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, and gang related symbols or pictures, etc. will result in disciplinary actions. Special passwords are not to be used. Any attempt to lock device from administrative access will constitute an Acceptable Use Policy violation. This includes lock screens or modifying passwords on laptops.

3.4 Sound, Music, Games, or Programs

Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes. Music is allowed on the device and can be used at the discretion of the teacher. Internet games are not allowed on the device. All software/apps must be district provided. Data Storage will be through apps on the device, cloud, or flash drive.

3.5 Non-School Provided Internet Access

Students are allowed to connect to wireless connections on their device. This will assist them with device use while at not at school.

4. MANAGING YOUR FILES & SAVING YOUR WORK

4.1 Saving to the Device

Students may save work to the device. It is recommended students save documents to a cloud location or flash drive. It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. Device malfunctions are not an acceptable excuse for not submitting work.

4.2 Network Connectivity

The Rochester Community Schools make no guarantee that their network will be up and running 100% of the time. In the rare case that the network is down, the District will not be responsible for lost or missing data.

5. SOFTWARE ON DEVICES

5.1 Originally Installed Software

The software/apps originally installed by Rochester Community Schools must remain on the device in usable condition and be easily accessible at all times. From time to time the school may add software applications for use in a particular course. The licenses for this software require that the software be deleted from device at the completion of the course. Periodic checks of device will be made to ensure that students have not removed required applications.

5.2 Additional Software

Students are not allowed to load extra software/apps on their device. Rochester Community Schools will synchronize the device so that they contain the necessary apps for school work.

5.3 Inspection

Students may be selected at random to provide their device for inspection.

5.4 Procedure for re-loading software

If technical difficulties occur or applications not required for school are found, the device will be restored from backup. The school does not accept responsibility for the loss of any software or documents deleted due to reformatting and reimaging.

5.5 Software upgrades

Upgrade versions of licensed software/apps are available from time to time. Students may be required to check in their device for periodic updates and syncing.

6. PROTECTING & STORING YOUR DEVICE

6.1 Device Identification

Student devices will be labeled in the manner specified by the school. Devices can be identified by Record of serial number(s) and School label. Other identification methods exist.

6.2 Storing Your Device

When students are not using their device, they should be stored in their lockers. The Rochester School District recommends the students use the lock provided by the school. Nothing should be placed on top of the device, when stored in the locker. Students are encouraged to take their device home every day after school, regardless of whether or not they are needed. Devices should not be stored in a vehicle due to extreme temperature changes. If a student needs a secure place to store their device they may check it in for storage with the Media Center.

6.3 Devices Left in Unsupervised Areas

Under no circumstances should devices be left in unsupervised areas. Unsupervised areas include the school grounds and campus, the lunchroom, computer labs, locker rooms, media center, unlocked classrooms, gymnasium and hallways. Any device left in these areas is in danger of being stolen. If a device is found in an unsupervised area, it will be taken to the media center or the office. Disciplinary action may be taken in accordance to the individual school's student conduct handbook

7. FINANCIAL TERMS OF DEVICE USE

7.1 Terms

Parents of students with devices will pay a non-refundable curricular amount. Users will comply at all times with the Rochester Community Schools' Student Technology Handbook policies. Any failure to comply may terminate user rights of possession effective immediately and the district may repossess the device.

7.2 Title

Rochester Schools has legal title to the property at all times. The user's right of possession and use is limited to and conditioned upon full and complete compliance with this agreement.

7.3 Loss, Theft or Damage

Should a device be damaged, lost, or stolen the parent/guardian/student should immediately notify the school administration. If a device is stolen the student/guardian should file a police report as soon as possible. If the device is lost, stolen, or totally damaged as a result of irresponsible behavior, the parent/student will be responsible for the full replacement cost.

In the event of a lost or stolen device and once a police report is filed, the Rochester School Corporation, in conjunction and with police, may deploy location software which may aid the police in recovering the device.

7.4 Repossession

If the user does not fully comply with all terms of this Agreement the device will be repossessed, not limited to filing a police report if device is not returned.

7.5 Device Costs

The Student or Guardian will be responsible for costs due to damage or loss. The below list is a listing of Rochester Community School's cost for repair. Amounts are subject to change. Device holders may be notified if any changes occur.

END OF STUDENT DEVICE POLICY

ROCHESTER COMMUNITY SCHOOLS'S LOAN AGREEMENT

___ One device, charger and case are being lent to the student and are in good working order. It is the student's responsibility to care for the equipment and ensure that it is retained in a safe environment.

___ This equipment is, and at all times remains, the Property of Rochester Schools and is herewith lent to the student for educational purposes only for the Academic School Year. The student may not deface or destroy this property in any way. Inappropriate use of the machine may result in the student losing their right to use the device. The equipment will be returned when requested by Rochester Schools, or if the student withdraws from Rochester Schools prior to the end of the school year.

___ The District Property may be used by the student only for non-commercial purposes, in accordance with the District's policies and rules, the District Acceptable Use Policy, as well as local, state, and federal statutes.

___ The student may not install or use any software other than software owned or approved by the District and made available to the student in accordance with this Receipt and Agreement.

___ One user with specific privileges and capabilities has been set up on the device for the exclusive use of the student to which it has been assigned. The student agrees to make no attempts to change or allow others to change the privileges and capabilities of this user account.

___ The student may not make any attempt to add, delete access, or modify other users' accounts on the device.

___ The device does have identification on it indicating that it is the property of Rochester Community Schools. This identification should not be altered, removed, or modified in any way.

___ The student agrees to use best efforts to assure that the District Property is not damaged or rendered inoperable by any such electronic virus while in student's possession.

___ The student acknowledges and agrees that the student's use of the District Property is a privilege and that by the student's agreement to the terms hereof, the student acknowledges the student's responsibility to protect and safeguard the District Property and to return the same in good condition.

Parent Responsibilities:
